

Claims:-

1. A bed covering characterised in that it includes an air permeable part and a cover section at least part of which is detachable to enable ventilation to occur through said air permeable part.
2. A bed covering as claimed in claim 1 wherein the air permeable part is a perforated, mesh or similar panel.
3. A bed covering as claimed in claim 1 or 2 wherein the air permeable part is coupled to a first warmth retention section.
4. A bed covering as claimed in claim 3 wherein the air permeable part is coupled to a tuck in panel or flap.
5. A bed covering as claimed in claim 3 or 4 wherein the first warmth retention section is coupled to the air permeable part by a sheet of fabric.
6. A bed covering as claimed in claim 3 or 4 wherein the first warmth retention part is coupled directly to the air permeable part by being sewn or otherwise fastened thereto.
7. A bed covering as claimed in claim 6 wherein the first warmth retention part is a duvet.
8. A bed covering as claimed in claim 6 wherein the duvet is within a duvet cover, the duvet cover being coupled directly to the air permeable part.

9. A bed covering as claimed in any one of preceding claims 3 to 8 wherein the cover section is in the form of a second warmth retention part which is coupled by coupling means to the bed covering and incorporates releasable fastening means whereby the second warmth retention part is releasably fastenable to over-lie the air permeable part.
10. A bed covering as claimed in claim 9 wherein the coupling means is a releasable coupling.
11. A bed covering as claimed in claim 9 or 10 wherein the second warmth retention part is arranged so that it can be rolled up when the fastening means have been released.
12. A bed covering as claimed 11 wherein a retention means is provided to retain the second warmth retention part in the rolled up state.
13. A bed covering as claimed in any one of claims 9 to 12 wherein the first and second warmth retention parts are blankets.
14. A bed covering as claimed in any one of claims 9 to 12 wherein the second warmth retention part is a duvet.
15. A bed covering as claimed in any one of claims 1 to 14 wherein the cover section is formed in two parts.
16. A bed covering as claimed in claim 15 wherein the two parts are releasably joined together.

17. A bed covering as claimed in claim 16 wherein the two parts are joined along adjacent edges by a zipper fastener.
18. A bed covering substantially as herein described with reference to Figures 1 to 5, or 6 or 7 and 8 of the accompanying drawings.
